

# Profile.me Update Instructions

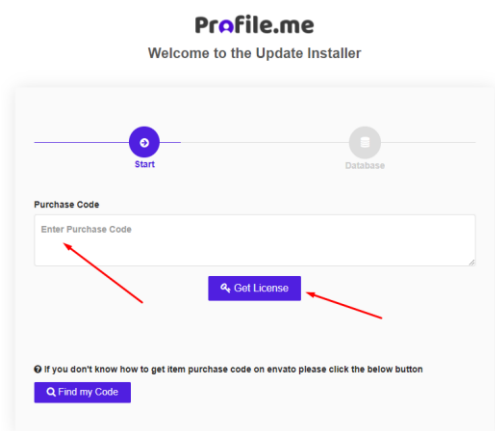

Step 1: Backup ! Backup ! Backup ! you must backup your all files & database before update.

Step 2: Download the latest profile.me\_1.2 script file and extract it on your pc. Open update project files select “ assets, system, update” 3 folder and make a zip file upload it on your server root folder extract and replace it.

Step 3: Again go to your downloaded updates files > go inside application folder and select: “controllers, core, helpers, models, views” make a zip file with this 5 folders and upload it on your server inside application folder extract and replace it.

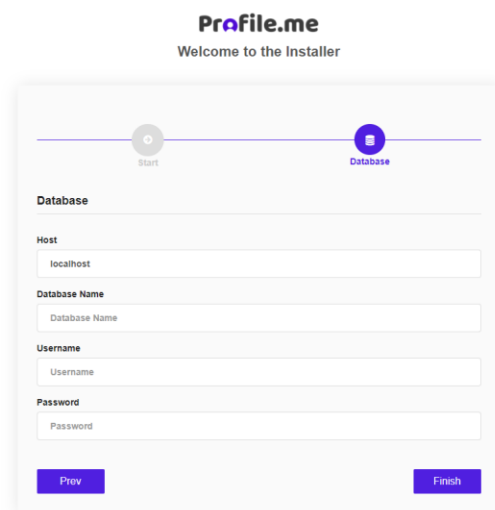

Step 4: Goto your server project root > applications folder and upload a single file routes.php file from download script file and replace it

Step 5: Open a browser and write like this: [www.yourdomain.com/update](http://www.yourdomain.com/update) You will see a page like below here enter your item purchase code for update this script.

The screenshot shows the 'Profile.me' logo and the text 'Welcome to the Update Installer'. Below this is a progress bar with two steps: 'Start' (active) and 'Database'. The main section is titled 'Purchase Code' and contains a text input field with the placeholder 'Enter Purchase Code'. To the right of the input field is a purple button labeled 'Get License'. Below the input field, there is a small note: 'If you don't know how to get item purchase code on envato please click the below button', followed by a purple button labeled 'Find my Code'. Red arrows point from the 'Get License' button to the 'Find my Code' button.

Step 6: Here provide your current database credentials and wait few seconds for update scripts.

The screenshot shows the 'Profile.me' logo and the text 'Welcome to the Installer'. Below this is a progress bar with two steps: 'Start' and 'Database' (active). The main section is titled 'Database' and contains several input fields: 'Host' (with 'localhost' pre-filled), 'Database Name' (with 'Database Name' pre-filled), 'Username' (with 'Username' pre-filled), and 'Password' (with 'Password' pre-filled). At the bottom of the form are two purple buttons: 'Prev' and 'Finish'.
